PROFESSIONAL SUMMARY

I design, model, animate and build — from flyers, posters, signage, logos, packaging and full brand guidelines to 3D modeling and whiteboard/motion animation. At Ghana's CSIR-INSTI I carry the institute's visual and digital work: publications, 3D visualization and digitization/information-systems projects — using Adobe, CorelDRAW, Figma, Google SketchUp and Lumion, plus web and Android development in code. "Best of the Best" exhibitor at DCDA 2024, California State University, Long Beach — representing Ghana.

EXPERIENCE

Senior Graphic Designer / Technical Officer — CSIR, Institute for Scientific and Technological Information (INSTI)

Accra · Aug 2022 – Present

- Design and produce institutional creative materials: brochures, annual reports, banners, flyers, social-media graphics and branding for CSIR communication — always consistent with CSIR corporate visual identity.
- Video editing, motion graphics and multimedia production, plus 3D modeling, rendering and animation; contribute to digitization and information-systems projects (incl. CSIR-Crops Research Institute Book of Abstracts, institute citations).

IT Management (National Service) — Ghana Revenue Authority, Head Office

Accra · 2021 – 2022

- Created whiteboard animations for advertisements; trained team members on design and animation software; troubleshot office software issues daily.

Architectural Animator (3D Modeling) — Glover Limited, Suhum & William and Co., Airport Hills

2019 – 2020

- Produced intricate, visually clear 3D renderings and animations for major construction-project proposals (Glover).
- Created and animated a full estate visualization with final rendered building designs; designed physical products, mailers and packaging (William and Co.).

Graphic Designer — Spring Consult

Asylum Down, Accra · 2019 – 2020

- Presented design ideas to customers and managers; produced business cards, flyers, banners, product designs and packaging.

SELECTED PROJECTS & HONORS

- **INTERNATIONAL EXHIBITION** "Best of the Best" exhibitor, DCDA Long Beach International Design Invitation Exhibition, CSULB, USA — "Apex Legends: Autumn Estates Reimagined", representing Ghana among designers from Korea, China, Germany and the USA.
- **BLUECREST CAMPUS 3D VISUALIZATION** Full 3D visualization of the BlueCrest University College campus — SketchUp Pro to Lumion 10 to Lightroom to Filmora; featured on the BlueCrest blog, intranet and YouTube.
- **DUO BLOCKS (SHIPPED)** Two-player web game with a real backend, live at blackchyna.github.io/duo-blocks (GitHub Pages + Supabase); Android apps created, headed to the portfolio.

TECHNICAL SKILLS

- Adobe · CorelDRAW · Figma · Google SketchUp · Lumion · Lightroom · Filmora | Web development (GitHub Pages) · game dev (Supabase) · Android · motion graphics & whiteboard animation

EDUCATION

MPhil, Information Systems — University of Professional Studies, Accra (UPSA) · Current

BSc, Information Technology — BlueCrest University College, Accra · 2017 – 2021 (campus 3D visualization final-year project, featured institutionally)

St. Thomas Aquinas Senior High School · 2015 – 2017 (Visual Art)
